JOHN WHITEHORN, Baltimore

BERNARD J. ALPERS, Philadelphia

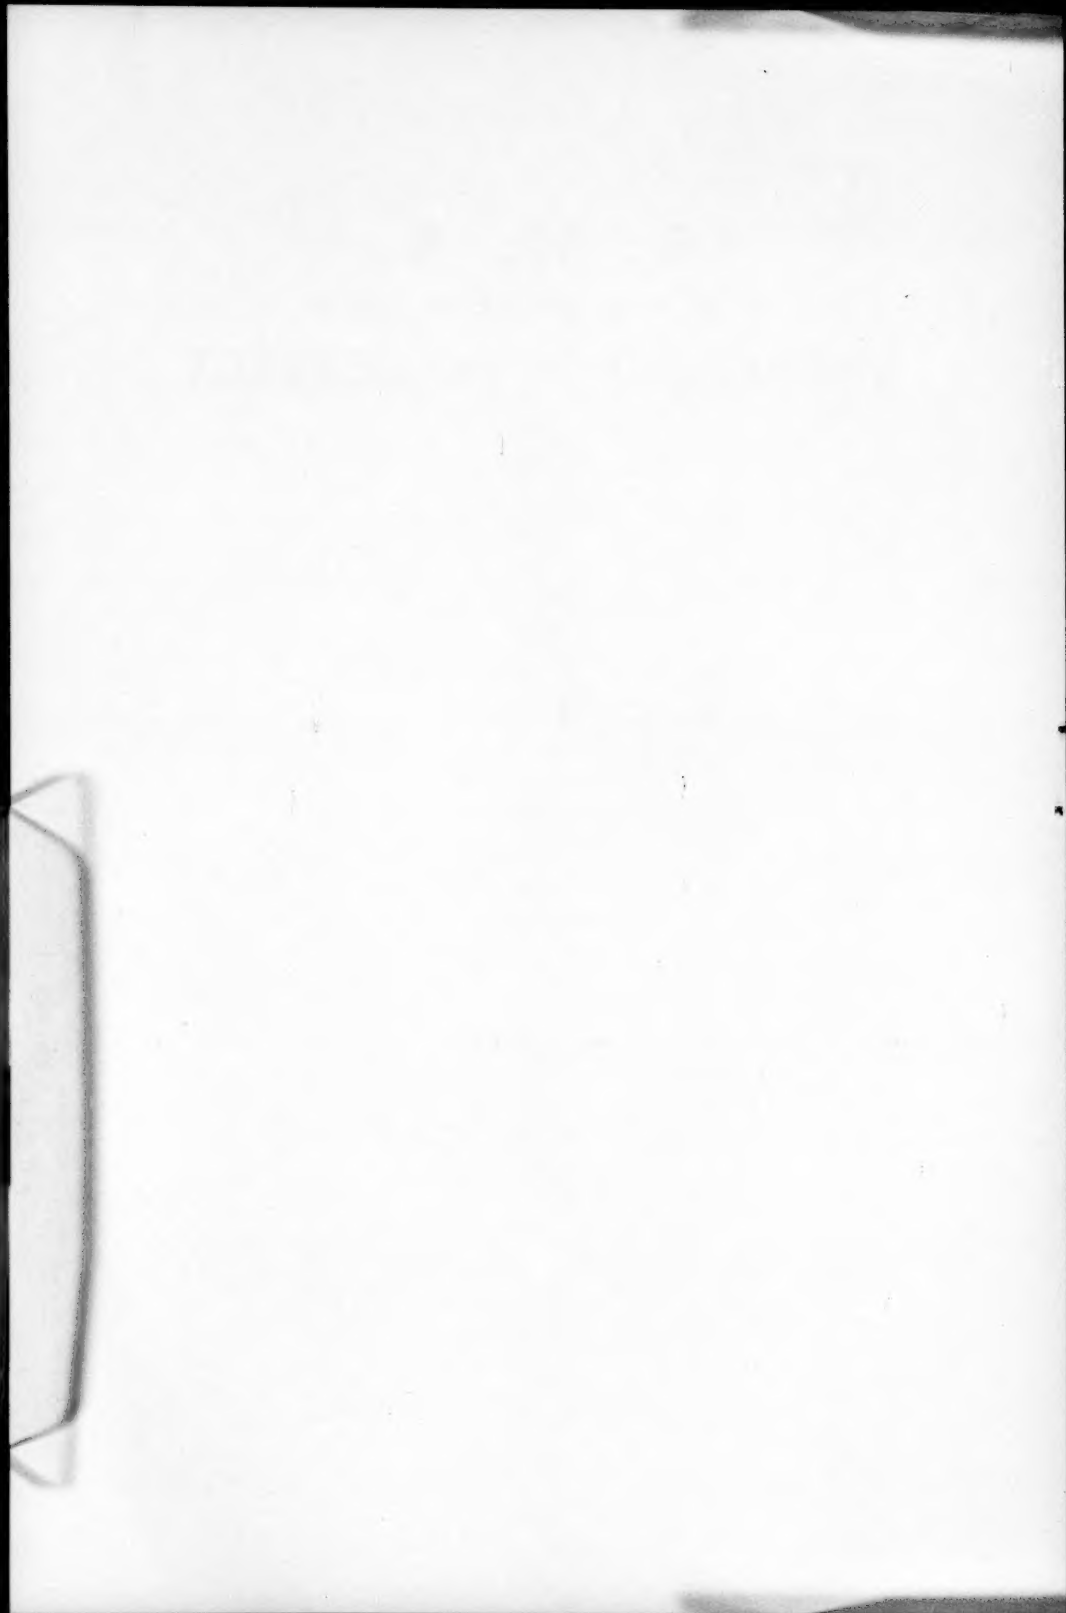

PERCIVAL BAILEY, Chicago

WILDER PENFIELD, Contributing Member, Montreal

RICHARD J. PLUNKETT, M.D., Chicago, Managing Editor

VOLUME 65
1951

PUBLISHERS
AMERICAN MEDICAL ASSOCIATION
CHICAGO 10, ILL.

CONTENTS OF VOLUME 65

JANUARY 1951. NUMBER 1.

	PAGE
Poliomyelitis: IV. A Study of the Midbrain. Howard A. Matzke, Ph.D., and A. B. Baker, M.D., Minneapolis.....	1
Neurological Complications of Rabies Vaccine: Report of Two Cases. F. R. Latimer, M.D.; J. E. Webster, M.D., and E. S. Gurdjian, M.D., Detroit.....	16
Cerebral Circulation in Postencephalitic Paralysis Agitans. Henry A. Shenkin, M.D., and Joseph C. Yaskin, M.D., Philadelphia.....	29
Motivations in the Rehabilitation of Paraplegics. Morse P. Manson, Ph.D., Long Beach, Calif.	34
Testing Visual Fields by Flicker Fusion. Paul W. Miles, M.D., St. Louis.....	39
Lobotomy and Psychopathology. Elliot R. Reiner, M.D., and Sidney L. Sands, M.D., Worcester, Mass.	48
Value of Convulsive Therapy in Juvenile Schizophrenia. Sol Levy, M.D., and R. H. Southcombe, M.D., Medical Lake, Wash.....	54
Pneumoencephalographic Changes Following Prefrontal Leukotomy (Freeman-Watts Technique). Isadore Meschan, M.D., and Joe B. Scruggs, M.D., Little Rock, Ark.....	60
Visual Function in Perimetrically Blind Fields. Morris B. Bender, M.D., and Howard P. Krieger, M.D., New York.....	72
Abstracts from Current Literature.....	80
Society Transactions:	
Chicago Neurological Society.....	90
New York Neurological Society and the New York Academy of Medicine, Section of Neurology and Psychiatry.....	103
Philadelphia Psychiatric Society.....	120
Philadelphia Neurological Society.....	127

FEBRUARY 1951. NUMBER 2.

Postherpetic Trigeminal Neuralgia. Oscar Sugar, M.D., and Paul C. Bucy, M.D., Chicago	131
Tuberculomas of the Brain: Report of One Hundred and Fifty-Nine Cases. A. Asenjo, M.D.; H. Valladares, M.D., and J. Fierro, M.D., Santiago, Chile.....	146
Encephalitic Form of Metastatic Carcinoma. Leo Madow, M.D., and Bernard J. Alpers, M.D., Philadelphia.....	161
Effects of Decamethonium Bromide (C 10) and <i>d</i> -Tubocurarine on Electroconvulsions. Lester H. Margolis, M.D.; Alexander Simon, M.D., and Karl M. Bowman, M.D., San Francisco.....	174
Clinical and Physiological Studies in a Case of Myokymia. H. Holland de Jong, M.D.; Irving A. Matzner, M.D., and Arthur A. Unger, M.D., Van Nuys, Calif.....	181
Retrobulbar Neuritis Associated with Hyperthyroidism. Max A. Goldzieher, M.D.; Thomas H. McGavack, M.D.; Carl A. Peterson, M.D.; Joseph W. Goldzieher, M.D., and Harold R. Miller, M.D., New York.....	189
Effect of Prefrontal Lobotomy on Temperature Regulation in Schizophrenic Patients. C. W. Buck, M.D., Ph.D.; H. B. Carscallen, M.D., and G. E. Hobbs, M.D., M.P.H., London, Ont., Canada.....	197
Clinical and Psychological Investigation of Prefrontal Lobotomy in Chronic Schizophrenia. H. B. Carscallen, M.D.; C. W. Buck, M.D., Ph.D., and G. E. Hobbs, M.D., M.P.H., London, Ont., Canada.....	206

FEBRUARY—Continued

	PAGE
Abstracts from Current Literature.....	221
Society Transactions:	
Chicago Neurological Society.....	238
Philadelphia Psychiatric Society.....	246
Philadelphia Neurological Society.....	249
Philadelphia Neurological Society and New York Neurological Society.....	257
News and Comment.....	263
Book Reviews.....	264

MARCH 1951. NUMBER 3.

Third Ventriculostomy in Treatment of Obstructive Hydrocephalus in Children. Harold C. Voris, M.D., Chicago.....	265
EEG and Cortical Electrograms in Patients with Temporal Lobe Seizures. Herbert Jasper, M.D.; Bernard Pertuiset, M.D., and Herman Flanigin, M.D., Montreal, Canada.....	272
Permanency of Glutamic Acid Treatment. Frederick T. Zimmerman, M.D., and Bessie B. Burgemeister, Ph.D., New York.....	291
The Syndrome of Crocodile Tears. Jerzy Chorobski, M.D., Warsaw, Poland.....	299
Pain Below the Level of Injury of the Spinal Cord. Lewis J. Pollock, M.D.; Meyer Brown, M.D.; Benjamin Boshes, M.D.; Isidore Finkelman, M.D.; Herman Chor, M.D.; Alex J. Arieff, M.D., and John R. Finkle, M.D., Chicago.....	319
Prognosis in Topectomies and Lobotomies Relative to Body Type. Nathan S. Kline, M.D., Worcester, Mass., and Ashton M. Tenney, M.S., Shrewsbury, Mass.....	323
Studies on the Iron Content of Cerebrospinal Fluid in Different Psychotic Conditions. H. E. Lehmann, M.D., and V. A. Kral, M.D., Montreal, Canada.....	326
The Palmomental Reflex: A Physiological and Clinical Analysis. John R. Blake Jr., M.D., Cleveland, and E. Charles Kunkle, M.D., Durham, N. C.....	337
Occlusion of the Internal Carotid Artery. Miller Fisher, M.D., F.R.C.P. (Canada), Montreal, Canada.....	346
Intramedullary Tumors of Spinal Cord and Gliomas of Intradural Portion of Filum Terminale: Fate of Patients Who Have These Tumors. Henry W. Woltman, M.D.; James W. Kernohan, M.D.; Alfred W. Adson, M.D., and Winchell McK. Craig, M.D., Rochester, Minn.....	378
Abstracts from Current Literature.....	396
Society Transactions:	
Chicago Neurological Society.....	403
News and Comment.....	409
Book Reviews.....	412

APRIL 1951. NUMBER 4.

Standing Potential Correlates of Hypnosis and Narcosis. Leonard J. Ravitz, M.D., New Haven, Conn.....	413
Visual and Motor Changes in Patients with Multiple Sclerosis: A Result of Induced Changes in Environmental Temperature. Thomas C. Guthrie, M.D., New York.....	437
Tremor in Parkinson's Disease and Its Inhibition by Amyl Nitrite. Oliver Garai, M.D., M.R.C.P., London, England.....	452
Deaths Related to Pneumoencephalography During a Six Year Period. John R. Whittier, M.D., New York.....	463

APRIL—Continued

	PAGE
Interaction in Bilaterally Simultaneous Voluntary Motor Function. Robert Cohn, M.D., Bethesda, Md.....	472
Migraine and Other Head Pain. Lester S. Blumenthal, M.D., and Marvin Fuchs, M.D., Washington, D. C.....	477
An Assessment of Therapy in Parkinson's Disease. Robert S. Schwab, M.D., Boston, and John S. Prichard, M.B., M.R.C.P., London, England.....	489
A New Procedure for Activated Electroencephalography. Juan Negrin Jr., M.D., New York	502
An Improved Technic for Percutaneous Cerebral Angiography: A Preliminary Report. Dan C. Donald Jr., M.D.; Karl F. Kesmodel Jr., M.D.; Stacy L. Rollins Jr., M.D., and Richard M. Paddison, M.D., Philadelphia.....	508
The Mechanism of Chvostek's Sign. Eric Kugelberg, M.D., Stockholm, Sweden.....	511
Abstracts from Current Literature.....	518
Society Transactions:	
Chicago Neurological Society.....	525
Philadelphia Neurological Society.....	530
New York Neurological Society and the New York Academy of Medicine, Section of Neurology and Psychiatry.....	533
Book Reviews.....	542

MAY 1951. NUMBER 5.

Intellectual and Emotional Makeup of the Epileptic. Frederic T. Zimmerman, M.D.; Bessie B. Burgemeister, Ph.D., and Tracy J. Putnam, M.D., New York.....	545
Psychological Effects of Chronic Barbiturate Intoxication. Conan H. Kornetsky, A.B., Lexington, Ky.....	557
Studies on Headache: Mechanism of Headache and Observations on Other Effects Induced by Distention of Bladder and Rectum in Subjects with Spinal Cord Injuries. George A. Schumacher, M.D., and Thomas C. Guthrie, M.D., New York.....	568
Experimental Physiological Studies with Lysergic Acid Diethylamide (LSD-25). Gordon R. Forrer, M.D., and Richard D. Goldner, M.D., Ypsilanti, Mich.....	581
Significance of Rise in Blood Sugar Level After Injection of Epinephrine in Mental Disease. Mark D. Altschule, M.D.; Elaine Siegel, and Federico Mora-Castaneda, M.D., Boston.....	589
Traumatic Neurosis, Compensation Neurosis or Attitudinal Pathosis? Gordon R. Kamman, M.D., St. Paul.....	593
A Dynamic Factor Correlated with the Prognosis in Paranoid Schizophrenia. Philip F. Durham Seitz, M.D., Indianapolis.....	604
The Phenomenon of Sensory Displacement. Morris B. Bender, M.D., New York.....	607
Reflexes Evoked by Cold Stimuli in Injuries of the Spinal Cord. Lewis J. Pollock, M.D.; Benjamin Boshes, M.D.; Herman Chor, M.D.; Isidore Finkelman, M.D.; Alex J. Arieff, M.D.; Meyer Brown, M.D., and John R. Finkle, M.D., Chicago.....	622
Subarachnoid Hemorrhage in Melanoma of the Brain. M. J. Madonick, M.D., and Nathan Savitsky, M.D., New York.....	628
Abstracts from Current Literature.....	637
Society Transactions:	
Philadelphia Psychiatric Society.....	647
New York Academy of Medicine, Section of Neurology and Psychiatry, and the New York Neurological Society.....	649
News and Comment.....	657
Obituaries:	
Oliver Smith Strong, Ph.D.....	658

	PAGE
Dandy's Striatal Theory of "The Center of Consciousness": Surgical Evidence and Logical Analysis Indicating Its Improbability. Russell Meyers, M.D., Iowa City.....	659
Encephalopathy Associated with Acute Diffuse Platelet Thrombosis: Report of a Case. A. Hanser, M.D.; Alvin Beyer Jr., M.D., and Robert A. Burger, M.D., Houston, Texas	672
Effects of ACTH on Cerebral Blood Flow and Oxygen Consumption. Ralph W. Alman, M.D., and Joseph F. Fazekas, M.D., Washington, D.C.....	680
Familial Occurrence of Tuberous Sclerosis. Willard W. Dickerson, M.D., Caro, Mich....	683
Neurological Complications of Insulin Shock Therapy with Electroencephalographic Studies: Case Studies. Louie Halle, M.D., and J. F. Ross, M.D., Cleveland.....	703
Babinski Reflex and Marie-Foix Flexor Withdrawal Reflex: Historical Notes. Robert Wartenberg, M.D., San Francisco.....	713
Glucose Tolerance in Chronic Schizophrenia and Senile States. Werner Simon, M.D., and James T. Garvey, M.D., Minneapolis.....	717
Postpartum Necrosis of the Adenohypophysis with Hypoglycemic Convulsions. Edward C. Clark, M.D.; Murray Franklin, M.D., and Adolph L. Sahs, M.D., Iowa City.....	724
EEG Prognosis in Vascular Hemiplegia Rehabilitation. Charles Van Buskirk, M.D., and V. R. Zarling, M.D., Minneapolis.....	732
Effect of Electroshock on the Blood Pressure in Psychotic Patients. Walter W. Igersheimer, M.D., and James A. F. Stevenson, M.D., New Haven, Conn.....	740
Anticonvulsant Drug Therapy of Behavior Problem Children with Abnormal Electroencephalograms. Benjamin Pasamanick, M.D., Ann Arbor, Mich.....	752
Abstracts from Current Literature.....	767
Society Transactions:	
New York Academy of Medicine, Section of Neurology and Psychiatry, and New York Neurological Society	780
Philadelphia Neurological Society	783
News and Comment	787
Obituaries:	
Lawrence Raymond Morrison, M.D.	788
Book Reviews	792

INDEX TO VOLUME 65

The asterisk (*) preceding the page number indicates an original article in the Archives. Subject entries are made for all articles. Author entries are made for original articles and society transactions. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O and S, respectively.

Abnormalities: See under names of diseases, organs and regions, as Acromegaly; Heart

Abscess: See under names of organs and regions, as Brain

Acid

barbituric: See Barbituric Acid
glutamic: See Glutamic Acid
lysergic: See Lysergic Acid

Acrocephaly
oxycephaly, 645

Acromegaly
following surgical removal of chromophobic adenoma of pituitary gland: study of case, 248

ACTH
cerebral blood flow and oxygen consumption: effects on [Alman & Fazekas], *680
effects of administration to patients with myasthenia gravis, 534
periarthritis nodosa and cranial arteritis: effects of cortisone and, preliminary report, 775
in poliomyelitis, 644

Adamkiewicz, L.
Adaptation of silver impregnation method to brain tumor smears, 250

Adamson, W. C.
Effect of "malononitrile" on physical and mental status of schizophrenic patients, 120

Adenohypophysis: See Pituitary Body

Adenoids
adenoidectomy, abscess of brain following tonsillectomy and, 229

Adenylic Acid
muscle: inhibitory effect on anaerobic glycolysis of brain, 768

Adiposity: See Obesity

Adrenal Preparations
epinephrine: injection in mental disease, significance of rise in blood sugar level after [Altschule & others], *589

Adrenals
mental diseases: function in, 245
sympathectomy and thiocyanates: effect on, 525

Adrenocorticotrophic Hormone: See ACTH

Adson, A. W.
Intradural tumors of spinal cord and glioma of intradural portion of filum terminale: fate of patients who have these tumors, *378

Agglutinins and Agglutination
hemagglutination: neurological, ophthalmological and otological manifestations in subject presenting crises of paroxysmal cold hemoglobinuria and phenomenon of autoagglutination of erythrocytes, 397

Alcohol
fatty aldehydes: present in crystalline acetal phospholipide of brain, 769

Alcoholism
chloride levels in blood of patients in relation to phenomenon of craving, 771
transference phenomenon in alcoholics: its therapeutic implications, 396

Allergy
nuchal myalgia and associated headache due to, 229

Alman, R. W.
Effect of ACTH on cerebral blood flow and oxygen consumption, *680

Alpers, B. J.
Encephalitic form of metastatic carcinoma, *161

Altschule, M. D.
Significance of rise in blood sugar level after injection of epinephrine in mental disease, *589

Amador, L. V.
Accuracy of preoperative electroencephalographic localization in neurosurgery, 407

American Academy of Forensic Sciences, 411

American Board of Psychiatry and Neurology, 409

American Neurological Association
annual meeting of, 787

Amino Acid
metabolism: influence of methionine deficiency on, in rat, 769

Ammonium and Ammonium Compounds
decamethonium bromide (C 10) and *d*-tubocurarine: effects on electroconvulsions [Margolis & others], *174

Amnesia
for left limbs and loss of interest and attention in left fields of vision, 231

Amyl Nitrite: See Nitrites and Nitrite Derivatives

Anaphylaxis: See Allergy

Anderson, R. K.
Study of 182 cases of verified astrocytoma, astroblastoma and oligodendroglioma of brain, 102

Anemia
sickle cell: aureomycin in staphylococcal meningitis complicating subarachnoid hemorrhage in, 401

Anencephaly
recurrent, 646

Anesthesia
electroanesthesia: effects of square wave application to motor area following destruction of diencephalon, 637
electroanesthesia: faradic stimulation of motor area following diencephalic diathermy, 638
narcosis: standing potential correlates of hypnosis and [Ravitz], *413
nitrous oxide-ether: classification of significance of electroencephalograph patterns produced by, during surgical operations, 638
spinal: complications following, 86

Aneurysm
arteriovenous: in brain, 228
arteriovenous: of internal carotid artery in cavernous sinus, 226
congenital: basal cerebral and polycystic kidney, 84

Angiography: See Blood Vessels

Antihistamine: See Histamine, Antagonists

Antistreptolysin: See under Streptococci

Anus
anal sensations and feelings of persecution, 82

Anxiety: See Neuroses and Psychoneuroses

Apparatus
improved technic for percutaneous cerebral angiography [Donald & others], *508

Arachnodactyly
ectopia lentis, arachnodactyly and other congenital anomalies, inheritance in E. family, 237

Arachnoid
subarachnoid hemorrhage in melanoma of brain [Madonick & Savitsky], *628

Arieff, A. J.
Electrodiagnostic and electromyographic studies in cases of injuries to spinal cord and cauda equina, 530

Neurology and nervous system of man, 240
Pain below level of injury of spinal cord, *319
Reflexes evoked by cold stimuli in injuries of spinal cord, *622

Artane®: See Trihexyphenidyl

- Arteries**
arteriovenous aneurysm of internal carotid artery in cavernous sinus, 226
carotid, internal: occlusion [Fisher], *346
cerebellar: topography, abnormal courses of posterior inferior, 767
- Arteritis**
cranial: effects of cortisone and ACTH on periarthritis nodosa and, preliminary report, 775
- Asenjo, A.**
Tuberculomas of brain: report of 159 cases, *146
- Ashkenazy, J.**
Clinical use of radioactive diiodofluorescein in diagnosis and localization of tumors of central nervous system in 105 consecutive patients, 97
- Association for Research in Nervous and Mental Diseases, 411**
- Astroblastoma**
study of 182 cases of verified astrocytoma, oligodendroglioma and, of brain, 102
- Astrocytoma**
study of 182 cases of verified astroblastoma, oligodendroglioma and, of brain, 102
temporal lobe: right, association with osteitis deformans: Paget's disease and intracranial tumor, 230
- Atabrine®: See Quinacrine**
- Ataxia, Hereditary**
cerebellar: with spastic paralysis and spinal muscular atrophy: report of two cases of unusual syndrome, 84
Friedreich's ataxia: cardiopathy in, 521
with optic atrophy of retrobulbar neuritis type and latent pallido-Luisian degeneration, 396
- Atrophy: See under names of diseases, organs and regions**
- Aureomycin: See also Meningitis**
in staphylococcal meningitis complicating subarachnoid hemorrhage in sickle cell anemia, 401
- Babinski Reflex: See under Reflex**
- Bacillus: See Bacteria**
- Bacitracin**
therapy: septic meningitis with: further report, 780
- Bacteria**
aerogenes: aureomycin treatment of meningitis due to bacillus pyocyaneus and, 644
pyocyaneus: aureomycin treatment of meningitis due to bacillus aerogenes and, 644
- Baker, A. R.**
Poliomyelitis: study of midbrain, *1
- BAL**
neuritis: treatment with, 643
- Barbiturates**
intoxication: chronic, psychological effects [Kornetsky], *557
- Barbiturate: See Barbituric Acid**
- Barbituric Acid**
sodium succinate and picrotoxin: effects on electroencephalographic changes accompanying amobarbital hypnosis, 239
- Barnard, J. W.**
Interconnections between anterior lobe and paramedian lobule of cerebellum, 238
- Behavior**
alterations following lesions of medial surface of temporal lobe, 251
- Bender, M. B.**
Phenomenon of sensory displacement, *607
Visual function in perimetrically blind fields, *72
- Berman, D.**
Regeneration of cauda equina through nerve grafts: experimental study in monkeys, 103
- Beyer, A., Jr.**
Encephalopathy associated with acute diffuse platelet thrombosis: report of case, *672
- Blomond Syndrome: See Laurence-Moon-Bledt Syndrome**
- Birth Injuries**
focal epilepsy and cortical excision, 84
- Blake, J. R., Jr.**
Palmomental reflex: physiological and clinical analysis, *337
- Blindness: See Vision**
- Blood**
biochemical alterations: influence on periodic psychosis, 225
in brain: See Brain, blood supply
chloride levels: of alcoholic patients in relation to phenomenon of craving, 771
groups: brain damage in child: sequela of maternal isoimmunization with B factor, 772
platelets: encephalopathy associated with acute diffuse thrombosis [Hauser & others], *672
- Blood Pressure**
electroshock: effect on, in psychotic patients [Igersheimer & Stevenson], *740
high: increased intrathoracoabdominal pressure as factor in paraplegic states, 260
high: "medical sympathectomy" in: clinical study of methonium compounds, 776
high: pentamethonium in, 777
- Blood Sugar**
hypoglycemic convulsions: postpartum necrosis of adrenohypophysis with [Clark & others], *724
- Blood Vessels: See also Arteries**
angiography: percutaneous carotid: team technique, with report of results in 70 cases, 772
- Blumenthal, L. S.**
Migraine and other head pain, *477
- Blustein, H.**
Bodily state in injuries of spinal cord, 527
- Bones: See also under names of bones, as Temporal Bone and under names of diseases, as Osteitis**
transplantation: nerve regeneration in, 96
- BOOK REVIEWS:**
Abnormal Pneumoencephalogram: L. M. Davidoff and B. S. Epstein, 544
Childhood and Society: E. H. Erikson, 264
Fainting, Physiological and Psychological Considerations: G. L. Engel, 544
Hypnotherapy and Psychodrama: J. L. Moreno and J. M. Ennels, 264
Hypnotherapy of War Neuroses: Clinical Psychologist's Casebook: J. G. Watkins, 792
Neural Crest: Its Properties and Derivatives in Light of Experimental Research: S. Hörstadius, 792
Neurology and Psychiatry in General Practice: H. R. Viets, 543
Pedigrees of Negro Families: R. R. Gates, 542
Psychoanalytic Study of Child: R. Eisler, A. Freud and E. Glover, 542
Psychotherapy: F. Schilder, 543
Sex in Psychoanalysis: Contributions to Psychoanalysis: S. Ferenczi, 264
Sex Questions and Answers: Guide to Happy Marriage: F. Brown and R. T. Kempton, 542
Speaking of Man: A. Myerson, 792
- Boshes, B.**
Pain below level of injury of spinal cord, *319
Reflexes evoked by cold stimuli in injuries of spinal cord, *622
Sensory pattern in partial and recovering lesions of spinal cord, 529
- Bowman, K. M.**
Effects of decamethonium bromide (C10) and d-tubocurarine on electroconvulsions, *174
- Brain: See also Aneurysm; Cerebellum; Corpus Callosum; Hypothalamus; Thalamus; etc.**
abscess: See also Encephalitis; Mental Diseases; etc.
abscess: and congenital heart disease, 228
abscess: of frontal lobe secondary to ethmoiditis, 83
abscess: of temporoparietal lobe, recurring mastoiditis, meningitis and, 83
abscess: following tonsillectomy and adenoidectomy, 229
acoustic area in cortex of dog: physiological determination of boundary, 221
angiography, percutaneous: improved technique [Donald & others], *508
arteries: topography, abnormal courses of posterior inferior, 767
arteriovenous aneurysms in, 228
blood supply: arteriography, 401
blood supply: circulation in postencephalic paralysis agitata [Shenkin & Yaskin], *29
blood supply: effects of ACTH on oxygen consumption and [Alman & Fazekas], *680
blood supply: influence of autonomic nervous system on, 230

Brain—Continued

- "center of consciousness": Dandy's striatal theory of [Meyers], *659
- concussion: chromatolytic effect of cerebrospinal fluid following, 256
- cysts: following cerebral contusions, 519
- damage in child: sequela of maternal isoimmunization with B factor, 772
- electroencephalography: abnormal, anticonvulsant drug therapy of behavior problem children with [Pasamanick], *752
- electroencephalography, activated: new procedure [Negrin], *502
- electroencephalography: classification significance of patterns produced by nitrous oxide-ether anesthesia during surgical operations, 638
- electroencephalography: and cortical electrograms in patients with temporal lobe seizures [Jasper & others], *272
- electroencephalography: effects of stimulation of posterior orbital, temporal and cingulate areas of macaca mulatta, 770
- electroencephalography: localization in neurosurgery, accuracy of preoperative, 407
- electroencephalography: neurological complications of insulin shock therapy with [Haile & Ross], *703
- electroencephalography: prognosis in vascular hemiplegia rehabilitation [Buskirk & Zarling], *732
- encephalopathy associated with acute diffuse platelet thrombosis [Hauser & others], *672
- glycolysis of: anaerobic, inhibitory effect of muscle adenylic acid on, 768
- hemorrhage: intracerebral, surgical treatment of spontaneous and traumatic, 88
- hemorrhage: subarachnoid in sickle cell anemia, aureomycin in staphylococcal meningitis complicating, 401
- lemniscus: spinothalamic medial, course of pathways in cat and rhesus monkey, 638
- localization of function: cingulate gyrus and section of brain stem, gastric motor effects of acute removal, 770
- localization of function: diencephalon, electroencephalography: effects of square wave application to motor area following destruction of, 637
- localization of function: posterior orbital, temporal and cingulate areas of macaca mulatta: electrocorticographic effects of stimulation, 770
- localization of function: electronarcosis, faradic stimulation motor area following diencephalic diathermy, 638
- metabolism: oxidative glycolytic, of minced day-old mouse brain in relation to propagation of Theller's GD VII virus, 768
- occipital lobe: visual hallucinations due to irritation of: case, 242
- organic disease: patterns of disorientation in, 533
- P^{32} uptake by minced one-day-old mouse brain: effects of Theller's GD VII virus on, 768
- phospholipides: acetal, of: procedure of isolation of crystallized α , structure and fatty aldehydes present in crystalline α , 769
- pneumoencephalograms: nonsignificant ventricular shift in, with particular reference to bowing of septum pellucidum, 402
- pneumoencephalography: changes following prefrontal leukotomy (Freeman-Watts technic) [Meschan & Scruggs], *60
- pneumoencephalography: deaths related to during a six year period [Whittier], *463
- poliomyelitis: study of midbrain [Matzke & Baker], *1
- pontine and medullary regulation of respiration in cat, 80
- precentral motor cortex of macaca mulatta: pattern of localization in, 238
- pressure in: See Cranium, pressure in
- radioactive carbon: incorporation of, from glucose into minced one-day-old mouse brain: effects of Theller's GD VII on, 768
- sensory area: second, seizures involving, 785
- surgery: birth injury, cortical excision and focal epilepsy, case, 84
- surgery: hematomas, intracerebral, treatment [Browder & others], 112
- surgery: leukotomy, prefrontal, 224 and 520
- surgery: leukotomy, cutaneous thresholds for pain before and after unilateral prefrontal, 769
- surgery: leukotomy, prefrontal, clinical and psychological investigation of, in chronic schizophrenia [Carscallen & others], *206

Brain—Continued

- surgery: lobotomy, prefrontal, effect on temperature regulation in schizophrenic patients [Buck & others], *197
- surgery: lobotomy and psychopathology [Reiner & Sands], *48
- surgery: mesencephalotomy, relief of thalamic pain by, 255
- surgery: pneumoencephalographic changes following prefrontal leukotomy (Freeman-Watts technic) [Meschan & Scruggs], *60
- surgery: spina bifida, unselected cases in newborn, treated, 91
- surgery: temporal lobe, treatment of psychomotor syndromes by, 538
- surgery: thalamofrontal tracts, cutting of, in uncontrollable pain, 778
- surgery: topectomies and lobotomies relative to body type, prognosis [Kline & Tenney], *323
- surgery: topectomy, procedure for treatment of mental illnesses, 105
- surgery: topectomy, theoretical and practical observations on patients subjected to, 781
- surgery: ventriculostomy in treatment of obstructive hydrocephalus in children, 102
- temporal lobe: lesions of medial surface of, behavioral alterations following, 251
- tuberculomas: report of 159 cases [Asenjo & others], *146
- tumors: angiography in diagnosis in posterior fossa, 405
- tumors: astrocytoma, astroblastoma and oligodendroglioma of, verified cases, 102
- tumors: choreoathetosis in case of, with surgical treatment, 111
- tumor: gliomas, massive spontaneous hemorrhage in, 221
- tumors: melanoma, subarachnoid hemorrhage in [Madonick & Savitsky], *628
- tumors: Parkinsonian syndrome and: report of case, 784
- tumor: smears, adaptation of silver impregnation method to, 258
- Brener, R.
Use of psychological tests in neurologic diagnoses, 241
- Brown, M.
Pain below level of injury of spinal cord, *319
Reflexes evoked by cold stimuli in injuries of spinal cord, *622
Sensory pattern in partial and recovering lesions of spinal cord, 529
- Buck, C. W.
Clinical and psychological investigation of prefrontal lobotomy in chronic schizophrenia, *206
Effect of prefrontal lobotomy on temperature regulation in schizophrenic patients, *197
- Bucy, P. C.
Postherpetic trigeminal neuralgia, *131
- Burgemeister, B. B.
Intellectual and emotional makeup of epileptic, *545
Permanency of glutamic acid treatment, *291
- Burger, R. A.
Encephalopathy associated with acute diffuse platelet thrombosis: report of case, *672
- Buskirk, C. V.
EEG prognosis in vascular hemiplegia rehabilitation, *732
- Cancer: See also Tumors; etc., and under names of organs and regions
carcinoma, metastatic: encephalitic form [Madow & Alpers], *161
